BROUGHT TO YOU BY

 **Committee
for Children[®]**

Leading Into the Next Decade

After more than 30 years of education experience as a teacher, principal, and systems-level leader, what I know to be true is that all learning benefits from a strong social-emotional foundation. That's why I'm so thrilled to be Committee for Children's new CEO and have this amazing opportunity to transform lives through social-emotional learning (SEL) and development.

Every program we develop and every policy we recommend is shaped by our belief that SEL is one of the surest ways to support our vision: safe children thriving in a peaceful world. I'm incredibly grateful to you, the very hardworking, dedicated, and capable educators, parents, and partners we serve who make that vision possible.

Last year, the organization celebrated its 40th anniversary and announced a bold goal—to positively transform the social-emotional well-being of 100 million children annually by 2028. Already, we're making tremendous progress.

We continue to evolve a whole program ecosystem that's intentionally and expertly designed to support children's healthy development at school, outside school, and at home. This summer we'll be releasing updates to the online Second Step Middle School Program in response to new research and educator feedback. In addition, we're excited about two new offerings that will become available during the 2020–21 school year: SEL for adults, to strengthen K–12 educators' social-emotional skills, and an SEL program designed specifically for after school and other out-of-school-time settings.

"Every program we develop and every policy we recommend is shaped by our belief that SEL is one of the surest ways to support our vision"

If you need help planning purchases or finding just the right program to meet a specific need, we have a talented team of educators, expert researchers, and passionate customer service specialists ready to help. As I dive deeper into my new role, I'm looking forward to collaborating with you and being inspired by our collective progress.

Thank you for your continued dedication to the well-being of children and for choosing Second Step.

Kind Regards,

Colleen Oliver

A Foundation
for Lasting Success

Research shows that Second Step Social-Emotional Learning (SEL) is an effective tool for developing and improving preschoolers' executive-function skills.* Along with its support for other social-emotional skills, Second Step creates a strong foundation for Kindergarten. Engaging songs, activities, games, and puppets ensure children have fun while building the skills they need to get ahead and stay ahead.

Create a Culture of Connectedness

The Second Step Middle School Program helps students navigate social situations and develop deeper connections to their peers, teachers, and school community. Each unit contains flexible, web-based lessons and activities that help middle schoolers develop social-emotional skills they'll take beyond the classroom.

Unit Topics | 25-minute lessons, 6-8 lessons per unit

UNIT 1 Mindsets & Goals

Students learn how to develop a growth mindset and apply research-based goal-setting strategies to their social and academic lives.

UNIT 2 Recognizing Bullying & Harassment

Students learn how to recognize bullying and harassment, stand up safely to bullying, and respond appropriately to harassment.

UNIT 3 Thoughts, Emotions, & Decisions

Students learn how to recognize strong emotions and unhelpful thoughts, and they learn to apply strategies for managing their emotions and reducing stress.

UNIT 4 Managing Relationships & Social Conflicts

Students learn strategies for developing and maintaining healthy relationships, perspective-taking, and dealing with conflict.

The web-based Middle School Program is currently being updated for the 2020-21 school year. Please refer to SecondStep.org/middle-school-curriculum for the most up-to-date information.

Everything You Need, All in One Place

What's Inside Our Web-Based Program

Teach Dynamic, discussion-based lessons are easy to teach and engaging for students and educators alike. Lessons are projected from a web-based portal and require little prep time.

Extend Create a complete advisory program from nearly 200 activities, including scripted Class Meetings, Class Challenges, and Service-Learning Projects. Activities can be taught alongside lessons or as stand-alone experiences.

Program Training Sessions help familiarize educators with program concepts and provide tips for facilitating meaningful classroom discussions.

Principal Toolkit Administrators can support the program's success with real-time implementation tracking and reporting tools as well as resources for communicating with staff and families, monitoring progress, and evaluating outcomes. Available with purchase of a schoolwide license.

Family Engagement Educators can involve families with weekly communications and a Family Letter.

Plus Academic resources, sample advisory program schedules, behavioral and academic framework alignments, tutorials, and more.

CHILD
PROTECTION
UNIT

Early Learning-
Grade 5

Keeping Kids Safe
from Abuse

The evidence-based Second Step Child Protection Unit provides extensive online training, age-appropriate lessons, and family education materials, which address all aspects of school-based child protection so educators, families, and children have the tools they need to recognize and effectively respond to abuse.

Staff Training

Take an integrated approach to child safety by providing training for every staff member and all other adults in your building.

Module 1 Administrators create or revise their child protection strategy, then create customized policies and procedures to help reduce risk of staff misconduct.

Module 2 All staff learn to recognize indicators of abuse and neglect, respond supportively to children who experience abuse, and report abuse.

Module 3 Teachers and counselors learn about how to teach the lessons, engage families, and overcome discomfort in talking to students about touching safety.

Each module takes 45–90 minutes.

Student Lessons

Easy-to-follow, scripted lessons teach children personal safety skills using straightforward, rules-based instruction.

Lesson Topics
General Safety Rules
Ways to Stay Safe
Always Ask First
Touching Safety
Never Keep Secrets
Reviewing Safety Skills

- Early Learning daily activities each take 5–7 minutes.
- K–3 weekly lessons each take 20–35 minutes.
- Grades 4–5 weekly lessons each take 35–40 minutes.

In the Child Protection Unit

- Unlimited online staff training
- Lessons, posters, and DVD for each grade
- Family materials (letters, videos, and activities)
- Additional online resources (teaching and implementation tools)
- Lessons and family materials in Spanish

Family Materials

It's important that families understand what's being taught in schools, especially with sensitive subjects. Family Letters help explain the program and adults' role in child protection, and Take-Home Activities and online videos reinforce skills and encourage family discussions.

The Power to
Create a Positive
School Climate

The research-based Second Step Bullying Prevention Unit gives educators and school staff the training and tools they need to effectively address school bullying while teaching students to recognize, report, and refuse bullying themselves.

Staff Training

Module 1 Principals and program coordinators understand the adult-student relationship, refine and communicate their bullying policies and procedures, and communicate with families.

Module 2 All school staff learn how to recognize, respond to, and report bullying, and then make a plan for how to handle incidents.

Module 3 Teachers and counselors gain valuable instruction about teaching the lessons, following through, and involving families.

Each module takes 45–90 minutes.

Student Lessons

Students learn to recognize, report, and refuse bullying through age-appropriate lessons that have been put to the test in real classrooms.

Lesson Topics	
Class Rules	• K–3 weekly lessons each take approximately 30 minutes.
Recognizing Bullying	
Reporting Bullying	• Grades 4–5 weekly lessons each take 30–45 minutes.

Second Step Assessment

Second Step SEL for EL–Grade 8 includes formative and summative assessments that allow educators to benchmark student skills and track students' knowledge of the social-emotional skills taught in the program. If your aim is to delve deeper and thoroughly evaluate students' individual social-emotional competencies, then investing in an assessment-specific tool might be worthwhile.

Learn more about your Second Step assessment at SecondStep.org/student-assessment

The Devereux Student Strengths Assessment (DESSA): Second Step Edition

Kindergarten–Grade 5

Track changes in social-emotional competencies at the individual, class, and school level. This 36-item online standardized behavior rating scale was designed specifically for Second Step K–5 SEL.

Panorama for Social-Emotional Learning

EL–Grade 8

Collect, analyze, and act on data about social-emotional learning, school climate, and more. Educators can analyze their data by subgroups such as race or ethnicity, gender, and Title I status, and explore data at the individual, class, grade, school, and district levels.

Program in Development

SEL for Adults

Committee for Children is excited to announce we're developing a new, stand-alone SEL professional learning program for K–12 educators. The program is being designed to equip leadership and staff with the skills for nurturing strong relationships with their students and colleagues, managing stress, and creating collective success—the building blocks for a positive school culture. We're currently testing the program in schools across the country. Available for purchase during the 2020–21 school year.

Join Our Second Step Educators Community

Social-emotional learning (SEL) is big—bigger than any one educator, school, or district. It can change lives and help kids and communities thrive.

This important, meaningful work can be challenging, which is why we created and are facilitating a new online community for professionals like you. It's an active, welcoming space where you can ask questions, share ideas, and tap into expertise and resources, all for free.

We're better together.
